Here we have an outstanding son of HL Heads Up. A half brother to the \$102,000 HL Adored and \$360K HL Head Over Heels. 80" TTT at his 3rd birthday even with him missing 5 inches on one side. He has produced flashy color and size on all his offspring, with an amazing early horn-set. He's extremely docile and eats out of our hands, easy to work and a breeding machine.

TTT: 86.0000 on 10/23/2024
