Dippin' Dots has proven herself time and time again, producing some phenomenal animals. Currently the most notable is Dippin Diamonds, an over 80" ttt, black and white knockout. Dippin Dots color is almost unmatched, except by her pedigree. You might recognize a few names. Lazy J's Gunsmith, WS Jamin, Julio's Thunder, JAMOCA, and Circle K Donovan. She is the kind of foundational animal that a ranch can build a legacy
